

**AVS Group, Inc. Job Opening** – Posted October 2011

## **Computer/Network Support Technician – Part-Time**

**Availability**—October 2011

**Hourly Rate:** Starting hourly rate of \$12.00

### **Description**

AVS Group, a La Crosse based marketing company, has an immediate opening for a highly motivated college student, enrolled in the IT field, that is interested in working in a professional business environment. AVS has been offering great part-time job opportunities to college students for over twelve years and is currently looking for a person with a formal IT educational background to join its team of professional Web developers, video producers, art directors, and writers. The successful candidate will receive a great amount of on-the-job experience that will greatly enhance their resume and put them in a much stronger interviewing position for their first full-time job after graduation.

The AVS Group is looking to recruit a sophomore or junior who is likely to continue to work at AVS through their senior year. Working through the summer is a requirement. Hours are very flexible and can accommodate almost any school schedule. The preference is for 15 to 20 hours per week during the school year and the potential to work more hours during the summer months.

There is a lot of very interesting and challenging work involved with this position including work with individual workstations and servers, hardware and software, and various peripheral equipment. There is a trouble ticket system to help determine priorities. A working knowledge of Microsoft's Office software products is very helpful as is a working knowledge of XP, Vista, and Windows Server. The candidate must have a strong desire to learn new technologies and it's helpful for the candidate to have some previous work experience in a professional IT work environment. The candidate will initially be working closely with a supervisor but eventually will be working with minimal supervision. For this reason, the successful candidate must be a self-starter.

If you are interested in this part-time position, please send your resume and cover letter to [hr@avsgroup.com](mailto:hr@avsgroup.com). You can learn more about AVS Group by visiting their Web site at [www.avsgroup.com](http://www.avsgroup.com).
